

Window & Door Worksheet

The diagram below (using a clock face) represents a door at 6:00. You can notate your own placement using the clock face below or choose from the following choices.

Restrictions on placement: Windows must be placed 18" minimum from doors and 15" minimum from other windows. Doors can be placed at 6:00, 9:00, 12:00 or 3:00 only.

Note: Custom Curve Glass Windows will not be shown on production diagrams because their positioning can be determined when the yurt is erected.

- 2 window placement: 8:00 and 4:00
- 3 window placement: 8:00 and 12:00 and 4:00
- 4 window placement: 7:30, 10:30, 1:30 and 4:30
- 5 window placement: 8:00, 10:00, 12:00, 2:00 and 4:00
- _____ total windows: Evenly spaced

Window Size Options:

Standard window: 54" wide x 45" tall

Vertical window: 24" wide x 54" tall

Horizontal window: 54" wide x 24" tall
