

Window & Door Worksheet

The diagram below (using a clock face) represents the door at 6:00. You can choose your own placement or choose from the following placements.

Restrictions on placement: Windows must be placed a minimum of 18" from doors and 15" from other windows. Doors must be placed at quarter hour locations only.

Note: Glass windows will not be shown on production diagrams because their positioning can be determined when the yurt is erected.

- 2 window placement: 8:00 and 4:00
- 3 window placement: 8:00 and 12:00 and 4:00
- 4 window placement: 7:30, 10:30, 1:30 and 4:30
- 5 window placement: 8:00, 10:00, 12:00, 2:00 and 4:00
- _____ total windows: Evenly spaced

Fabric Window Size Options:

Standard Window: 54" wide x 45" tall

Vertical Window: 24" wide x 54" tall

Horizontal Window: 54" wide x 24" tall
